Some errors ocures when i want to use this plugin

Posted by greenie - 2010/07/14 14:28

Hi I have the site http://lemi.servicii-it.com and when I want to create a gallery exactly like in your example http://lemi.servicii-it.com/poze I can't obtian lightbox efect... The same JAPurity2 template with the joomla 1.5... I made the change from your previous help on ARI Easy slider....

Hello,

Problem was solved.

Regards,
ARI Soft
