Hello

Posted by ivan.t.ivanov - 2011/03/02 15:16

Would you send some kind of help information about the data formatting which has to be imported so the com_ariquiz work properly?
It may be as an example in MicrosoftExcel document. :)

Hello,

The extension can import questions from CSV file. Find sample CSV file below please:

http://www.ari-soft.com/images/fbfiles/files/questions_import-98e117b69fa3ceff7cdff1e7d0f73913.zip

Regards,
ARI Soft
