## making the \'drop down\' menu into a \'drop up\' menu

Posted by alexdrown - 2010/09/08 12:14

---

Hiya, I really want to use the drop down menu as its well made and really easy to implement but I was hoping to have it positioned at the bottom of my website and have the sub menus go up instead of down. If this is possible then I would really like to use this module. Thanks :) alex

Hello,

No, the module doesn't provide this ability.

Regards,
ARI Soft
