Possible to show which answers were wrong?

In the summary after the test in Ari Quiz Lite, is it possible to show which particular answers were wrong, instead of showing just the total percentage of right / wrong?

Edit: Didn't realize there is also section for Ari Quiz Lite, posted this to there also: http://www.ari-soft.com/ARI-Quiz-Lite/26749-Possible-to-show-which-answers-were-wrong.html This thread can be locked or deleted.

Hello,

"ARI Quiz Lite" doesn't support this ability.
