
Picture and links in ARI SQL Table

Posted by nondos - 2009/06/01 20:22

Hello,

Is it possible to put Picture and links in ARI SQL Table?
What do I have to put in the field in the SQL TABLE?

Thanks

=====

Hello,

You can specify image and link in SQL query, for example:

```
SELECT
  id,
  CONCAT('') AS Img1,
  CONCAT(''
```
