
move license

Posted by Falco - 2009/09/04 12:05

Hi, how could i move the license from a domain to another ?

thanks

Emiliano

Hello,

Could you say the reason why you want to change the license? What happened with old domain? If it's confidential information, you can contact with us by email (info@ari-soft.com)

Regards,
ARI Soft

because we have decided to use the .it extension of our domain instead the .eu that previously we have planning to use.

thanks
