_____

Hello,

Yes, you can use this plugin for displaying the latest articles. You can specify necessary parameters for articles selection and you can choose from predefined variables what should by shown in accordion title and accordion body.

Regards,
ARI Soft

_____

I need an urgent help to use the component with accordion plugin.
 Have you got a skype account or messenger?
I am not able to configure the plugin to show the latest 5 articles.
If i give you my credentials, please can help me?
You know where and what touch...
