
ARI CSV Table: linkable fields

Posted by jue_mue - 2009/01/31 10:27

I would highly appreciate if fields in ARI CSV Table could contain links (mail address, url).

Thanks,

Juergen

We are glad to announce that new version of ARI Smart Content 1.5.2 contains new plugin 'ARI Linkifier'. It replace links and emails in text to it HTML representation.

Regards,
ARI Soft
