Hallo,

first sorry for the bad english.
I started to use your menu and it is very nice and easy to work with. One thing I just cant solve. I have now text of my vertical menu in white color and I need it in black when the mouse goes over that.

link is www.cmslovakia.eu

Thanks for help in advance.

Hello,

Add the next CSS rule:

.yuimenu A:hover
{
 color: #000 !important;
}

Regards,
ARI Soft
