
Submenu not showing (Beez5 position15)

Posted by AnttiS - 2011/09/03 11:11

Hi,

Configured ARI YUI menu into position 15 in Beez5 template. Joomla 1.7.0. At first menu was not shown at all, but found this in your forum

```
#header .yuimenu ul li a:link,
#header .yuimenu ul li a:visited
{
    display: block;
}

#header .yuimenu ul
{
    position: relative;
    right: 0;
}
```

and then menu became visible. But submenus are not shown. What should be added?

Site: <http://www.pystylamppu.fi>

Thanks
Antti

Hello,

Add the next CSS rule:

```
body #header
{
    overflow: visible;
}
```

Tried to setup CSS so that

- whole menubar: white background (no fading)
- Active (also when mouse over): green background, font white
- Mouse over (selected) grey background (no fading)

- increase padding
- keep arrows when submenus exist

but didnt manage to do it properly.. In other words, how to configure ARI YUI menu like normal menu, now in position 1 right top.

How to accomplish that?

Try to add the next CSS rules:

```
body #ariyui21.yui-skin-sam .yuimenuubar
{
    background-image: none;
}

body #ariyui21.yui-skin-sam ul li.yuimenuubaritem-active,
body #ariyui21.yui-skin-sam ul li.yuimenuitem-active
{
    background: none #7BA428 !important;
}

body #ariyui21.yui-skin-sam ul li a.yuimenuubaritemlabel-active
{
    color: #FFF !important;
}

body #ariyui21.yui-skin-sam ul li a
{
    color: #333 !important;
    padding: 8px 20px !important;
}

body #ariyui21.yui-skin-sam ul li.yuimenuubaritem-selected,
body #ariyui21.yui-skin-sam ul li.yuimenuitem-selected
{
    background: none #DDD !important;
}
body #ariyui21.yui-skin-sam ul li a.yuimenuubaritemlabel:hover
{
    color: #FFF !important;
}
```

Almost there! Only active menu changes from green to gray when onmouseover. Any change to keep it in green?

Add the next CSS rule:

```
body #ariyui21.yui-skin-sam ul li.yuimenuBarItem-active.yuimenuBarItem-selected,  
body #ariyui21.yui-skin-sam ul li.yuimenuItem-active.yuimenuItem-selected  
{  
    background: none #7BA428 !important;  
}
```
