
Change width of top level menu items

Posted by mkalman - 2010/06/29 21:42

Hi,

Is there any way to change the width of the top level menu items (not the drop downs)?

My site is at <http://sp.michaelkalman.net>

My current CSS is :

```
.yui-skin-sam .yuimenuubar .bd
{
line-height: inherit;
}

.top_menu .yui-skin-sam .yuimenuubar UL
{
padding: 0;
}

.top_menu .yui-skin-sam .yuimenuubar UL LI
{
padding: 0;
margin:0;
}

.top_menu .yui-skin-sam .yuimenuubar .yuimenu UL LI
{
float: none;
}

BODY #{$id}.yui-skin-sam .yuimenuubar,
BODY #{$id}.yui-skin-sam .yuimenuubaritem-selected,
BODY #{$id}.yui-skin-sam UL LI.yuimenuitem-selected,
BODY #{$id}.yui-skin-sam .yuimenu .bd
{
background-color: #011E30;
background-image: none;
border-width:1;
}

BODY #{$id}.yui-skin-sam ul li a.yuimenuubaritemlabel,
BODY #{$id}.yui-skin-sam ul li a.yuimenuubaritemlabel:link,
BODY #{$id}.yui-skin-sam ul li a.yuimenuubaritemlabel:visited,
BODY #{$id}.yui-skin-sam ul li a.yuimenuitemlabel,
BODY #{$id}.yui-skin-sam ul li a.yuimenuitemlabel:link,
BODY #{$id}.yui-skin-sam ul li a.yuimenuitemlabel:visited
{
color: #F0F5F8;
}

BODY #{$id}.yui-skin-sam ul li a.yuimenuubaritemlabel:hover,
BODY #{$id}.yui-skin-sam ul li a.yuimenuitemlabel:hover
{
color: #F0F5F8;
background-color: #256F91;
}

.top_menu .yui-skin-sam .yuimenuubarnav .yuimenuubaritemlabel-hassubmenu
{
background-image: none;
}
```

```
.top_menu .yui-skin-sam .yuimenubarnav .yuimenubaritemlabel
{
width:50px;
text-align:center;
}
```

```
.top_menu .yui-skin-sam .yuimenubarnav .yuimenubaritem
{
border-width: 1;
}
```

```
top_menu .yui-skin-sam .yuimenubarnav .yuimenubaritemlabel:hover,
.top_menu .yui-skin-sam .yuimenubarnav .yuimenubaritemlabel-selected
{
border-width: 1;
margin-left: 0px;
}
```

cheers
Michael.

Hello,

You can use the following CSS rule:

```
#topmenu .yui-skin-sam .yuimenubarnav .yuimenubaritemlabel
{
width: 149px;
}
```

Regards,
ARI Soft
