Menu Options Alignment

Posted by The Welsh One - 2010/07/03 13:30

_____

Hi all,

Can someone please help me with the alignment of my menu options, I would like to justify them left.

http://www.proevoeliteleagues.co.uk/main/

Thanks

_____

Hello,

Menu items is left aligned, but they have left padding. You can use the following CSS rule that reduce left padding:

```
body .yui-skin-sam .yuimenuitemlabel
{
 padding-left: 5px;
}
```

Regards,
ARI Soft
