Horizontal Menu Breaks to vertical List

Posted by ESWIFT - 2010/04/17 12:03

_____

Hi: On homepage horizontal menu is fine but not centered.
Once you navigate deeper within site horizontal menu breaks to vertical list.
please help.
site: www.eswift.us

Regards

_____

Hello,

Regarding menu position, read this topic, please. About the second issue, it's problem with core Joomla! SEF, check your mail, please, we have sent solution, how to fix it.

Regards,
ARI Soft
