
Problem with vertical menu

Posted by Zorrilla - 2014/02/11 16:30

Hi!

I've got a little problem with my vertical menu. I would like that all submenus would start from the top and not from the original menu place.

This image is the actual submenu

And this other one is how I would like to have the submenu

Thanks a lot

Hello,

The extension doesn't support this ability.
