
Sub Menus didn't work in ol-anteez

Posted by Erix - 2014/07/11 10:37

Hi dear,
Recently I have been installing ARI Ext Menu but sub menus didn't work on my page.
Anyone have any ideas what should i do?

Site address: <http://www.pgscrco.com/>

Thank you for your support

Hello,

Your menu doesn't contain sub-menu items.

Regards,
ARI Soft
