
Sub menu doesnt close

Posted by eyilara - 2014/09/11 00:02

Hi,
The submenus on my page don't close even though I selected the "Show only active-submenus option".
Here is the link to my page:

Thanks for your help.

Hello,

Add the following CSS rule:

```
.ux-menu ul.ux-menu-hidden {display: none !important;}
```
