quiz not returning the correct pass template

Posted by mohanr - 2014/11/26 00:58

For the love of God, every other quiz works great except on which WILL not return the correct pass certificate. I have three mat questions as a test and it returns a fail EVERYTIME. Help pleasehttp://www.ari-soft.com/components/com_kunena/template/default_ex/images/english/emoticons/shock.gif
