
menu duplicated

Posted by nekko - 2010/07/20 07:15

hi im having an issue i installed the module without a problem however my menu is displayed doubled. there is only one instance of the menu & i cant figure out why its being duplicated.

any help would be appreciated <http://www.ari-soft.com/images/fbfiles/images/menu-f0a3f556da8467a5ba6a040a4efc336d.jpg>

Hello,

Provide temporary access to your Joomla! backend by email, please, that we can investigate this issue.

In this case we can't help you because it can be problem with 3rd party extension or site template and we need to have access to it that investigate the issue. If you can upload your site to online server, we can help you.
