Add margin to start of ARI Ext Menubar
Posted by rvg - 2015/11/22 11:09

_____

Hi,

I would like to add some space to the left margin of where the menubar starts so that it matches with the bannerimage above.

Thanks in advance.

Kind regards,
Richard

Hello,

Add the following CSS rule:

#header .ux-menu-container {margin-left:10px}
