
transparent bg color in ARI Ext Menu

Posted by sadjia - 2016/07/01 22:12

Hello,

is it possible to change background color to transparent and border thinckness to 0 in ARI Ext Menu
thank you

Hello,

Could you provide a link to a page with the menu?

Regards,
ARI Soft

Hello,

thanks for response, i am working in localhost but i join a link to a screenshot of my menu

https://1drv.ms/i/s!AtadsOVWT7R2gwF-ze8_YIMf2tIs

i want my ARI menu to be like the menu in the top (this menu is not showing my submenu items for english language, it shows them just for french and arabic language and i dont found a solution for this problem so i want to replace it for the english language by the ARI menu which works fine for submenu items but i dont know how to add css styles to make it appears like the menu in the top so I will be grateful if you could help me to do this. thank you.
