
Start Level and End Level Settings

Posted by Aldjernon - 2010/07/27 15:18

The default Joomla menu has a Start/End Level selector under Module parameters. How do I get the ARI_Ext menu to Start at Level 1 and End at Level 0?

Hello,

This possibility will be available within one week.

Regards,
ARI Soft

Hello,

We have updated 'ARI Ext Menu'. New version supports new parameters 'Start Level' and 'End Level'.

Regards,
ARI Soft
