
Bullets in horizontal menu

Posted by IceBlade - 2010/08/07 17:50

How do I remove the bullets to the side of the menu options?

Hello,

Could you say link to page where we can see this issue, it seems like problem with site template styles.

Regards,
ARI Soft

Add the following CSS rule:

```
.ux-menu-container .ux-menu LI
{
  list-style: none;
  margin-left: 0;
}
```
