vertical sub menu disappears behind contents
Posted by sonerk - 2010/08/23 18:36

_____

Hi,

vertical menu looks like attached image file, what should i do to fix this?

Thanx http://www.ari-soft.com/images/fbfiles/images/Ads__305_z.png

_____

This site isn't available. Maybe is it available only for specific IP ranges or in intranet?

Hey.

I do have the same problem, at http://dev.juniorisep.com/~ciheam

I don't know how to fix this. Do you have any idea ?

Thanks a lot

Raph

_____

Hello,

What browser you use? We have checked the menu in FireFox, IE 7 and 8, Google Chrome and it works.

Regards,
ARI Soft
