
Vertical menu with a lot of voice

Posted by tommygc - 2010/09/10 20:12

Hi there

I have a long vertical menu with many voice outside the page and I would like to see all the voice without scroll with my mouse.

Can someone help me, I can realise a double column or find a way for put the menu grouping up instead down.

This is the website and the menu is the thirth (software)

Hello,

Sorry, but the module doesn't provide this ability.
