Problems viewing the sub-menu in Mozilla Firefox
Posted by francosa - 2010/09/30 14:01

_____

Problems viewing the sub-menu in Mozilla Firefox.
The menu shows the arrow which indicates that sub menu, but does not show anything. While IE8 is working properly.
As I can solve this problem?

_____

This problem with site template styles. Add the next CSS rule:

#ja-container-inner #ja-colwrap
{
 overflow: visible;
}

Regards,
ARI Soft
