
Can we remove Footer Developed by ARI Soft.

Posted by pradeep - 2011/03/09 04:55

Hi I want some clarification can we remove "Developed by ARI Soft".Is there any option to remove from admin panel.

Hello,

The component doesn't provide option to disable "Developed by ARI Soft" message. It can be commented in template files. They are located by the paths:

/components/com_arquizlite/view/

/administrator/components/com_arquizlite/templates/

Regards,
ARI Soft
