Free Text with Textarea (multiple lines) and RTE
Posted by hetul - 2011/05/12 07:01

Hello,

I am wondering if we can get the FreeText question type with a Textarea for the users to send in their answers...

we have questions that have long answers and typing them in the textbox is a problem...

let me know if there is a way to get this done.

Thanks
hk
