## Ari-quiz lite for math equation editor

Posted by mexx - 2011/08/21 17:53

---

My Name is Mexx, I am newbie in ari-quiz lite extension  
I just have installed the ari-quiz lite component succesfully.  
But when I added a question to my quiz that use math equation, i confuse to find math editor.  
Please give me your advices for my question.  
Thank You.

Hello,

"ARI Quiz Lite" supports ability to use Joomla! WYSIWYG editors. If know Joomla! WYSIWYG which supports Meth equations, you can install it and use with the extension.
