
my results in the backend just disapeared

Posted by fretayyeb - 2012/01/15 21:58

in ari quiz lite

when i selected my quiz in filters and clicked FILTERS all of my results disapeared from list .

now what can i do now ?

i have not db backup

i nead that list .

please help me

Hello,

Could you provide a temporary access to your J! backend by email so we can investigate an issue? The extension doesn't delete quizzes results.

hi
i found the problem , when i select show all from the dropdownlist this happens.
but i accidentally i changed it to 100 and everything is ok .

is that a bug in ari quiz lite?

Do you use the latest version of the extension (1.1.5)?
