In the summary after the test in Ari Quiz Lite, is it possible to show which particular answers were wrong, instead of showing just the total percentage of right / wrong?

Edit: Didn't realize there is also section for Ari Quiz Lite, posted this to there also: <http://www.ari-soft.com/ARI-Quiz-Lite/26749-Possible-to-show-which-answers-were-wrong.html> This thread can be locked or deleted.

Hello,

"ARI Quiz Lite" doesn't support this ability.
