Unable to see Quize in my website

Posted by equadrants - 2012/05/16 10:56

Dear All Good Evening,
I am very new to this forum and seeking help and guidance from you all regarding ARI Quize Lite.
I have successfully installed ARI Quize Lite in my site and created a test Quize, but unable to see that in my website. I have set permission as Registered users only.

Kindly Help.
Thanks in Advance.
Warm Regards:
S Swati

Hello,

Create a link to a quiz or quiz list in Joomla! menu manager.
