
results don't work

Posted by mok - 2012/08/27 07:09

sorry for my english

I download any quizz lite and I can't see the records of user on frontpage ?

may you help me please ?

thanks a lot

Hello,

Select text template in "Text Templates -> Successful Template" and "Text Templates -> Failed Template" in quiz settings.

Regards,

ARI Soft

thanks a lot for your answer

I'm sorry I don't find quizz settings

I see text templates but I can't edit on frontend...

Do you want to see a text at end of a quiz on frontend or mean something another?
