# Daily Quiz with HighScore?

Posted by proterra - 2010/04/03 17:27

_____

I want to give my users a question (quiz) per day, where they get quizpoints. is this possible and can the quizpoints shown in a Highscore for example over the modules. I tested it over the mod_ariquiztopresult but it didnÒ't runs.

_____

Hello,

"ARI Quiz Lite" doesn't contain module for showing summary scores for passed quizzes. We have module that shows summary scores for all passed quizzes for "ARI Quiz" component.

Regards,
ARI Soft

_____

Thanks for the answer. Before I buy another questions:
- can I publish a daily quiz with time stamp (e.g.: The quiz/question begins at 8.pm end ends the following day at 8 p.m before the next quiz/quenstion starts)?
- If I use the modules with the summary scores there must an option that users can only answer once a time for a quiz, is that possible?

_____

1. Unfortunately "ARI Quiz" doesn't provide this ability, but you can submit feature request here and we'll implement this feature in a future release.

2. Yes, you can specify in a quiz settings number of attempts.

Regards,
ARI Soft

_____

"ARI Quiz" v. 2.9.10 provides ability to define start and/or end date when a quiz will be available.

Regards,
ARI Soft
