Hello,

What extension do you mean "ARI Quiz Lite" or "ARI Quiz"?

Thanks sir, I'll try it.

By the way, In ARI Quiz Lite ,can the detail results be viewed from the user site? If so, how can I do it? If not, plz guide me some way to get it.

"ARI Quiz Lite" doesn't support ability to show questions with user answers at the end of a quiz. This ability is supported by "ARI Quiz".
