
questions

Posted by amitvns04 - 2014/01/03 14:52

I want to remove the blue label "Question" from questions appeared in the quiz.

Hello,

Add the following CSS rule to a site template CSS file and clean browser's cache:

```
DIV.ariQuizQuestionTitle
{
  display: none;
}
```

Regards,
ARI Soft

there is a file in my com_ariquizlite/css directory named default.css
should i modify this?
