_____

I trying to make quiz in AriQiz Lite but I have some problems...
i manage to insert 4. option for answer - the question in backend now have 4 options of answer to chose with radio button...
but on frontend - web page i see only three (3) optiions... help please

I try to reload page, start quiz again,...nothig helps..

Hello,

Could you provide a link to a page where the problem occurs and a temporary access to your J! backend by email so we can investigate the problem?

Regards,
ARI Soft
