Customization
Posted by Lingo - 2015/10/08 10:13

_____

Hi there,

Was wondering if it's possible to move the answers to the left side, the buttons to the left side and remove "Choice 1" and so on?

Also, move remaining time to the left and stretch it properly.

(Image attached)

Thanks in advance! http://www.ari-soft.com/images/fbfiles/images/ari-db64ef27595b388a0390aa2c0f0a8067.png

_____

Hello,

Could you send a link to a quiz on your site (it seems some conflict with site template styles occur) and an image where we can what you want to achieve?

Regards,
ARI Soft

_____

Hi,

http://www.lingolearn.co.il/index.php?option=com_ariquizlite&task=question&ticketId=2569eba01efbadbdd5c1f7d651921332&t=uv_561640541c0a5&Itemid=699

image attached. (sorry for the masterpiece.)

Basically for the buttons to be aligned with the actual answers, remove the "choices", put the remaining time stretched and to the left and the save button in the bottom middle.

Thanks! http://www.ari-soft.com/images/fbfiles/images/arifix.jpg

_____

Add the following CSS rules to a site template file and clean browser's cache:

#tblQueContainer TD,
.ariQuizQuestionTable TD,
.ariQuizHeaderTable TD {text-align:left}
#tblQueContainer TD.ariAnswerChoice LABEL {display:none}
#tblQueContainer TD.ariAnswerChoice {width:40px;}

Regards,
ARI Soft

_____

Hi ARI,

It's asking for credientals now for some reason even though the option is set to "Guest" and NOT "Registered".

Ideas?

_____

Hello,

Could you provide a link to a page where the problem occurs and a temporary access to Joomla! backend by email so we can investigate the problem?

Regards,
ARI Soft
