Hi, is there a way to having round corners around my sideshow?

Thanks,  
Matheos

Hello,

Provide a link to a page where we can see the slider.

A little late but here's the link: <http://www.dbprojecten.com>

I've tried the code that was used on this forum:

```
div.nivoSlider
{
  z-index:5555 !important;
  -moz-border-radius: 20px !important;
  border-radius: 20px !important;
  -webkit-box-shadow: none;
  -moz-box-shadow: none;
  box-shadow: none;
}
#slideshow
{
  clear: both;
}

#slideshow .nivoSlider
{
  overflow: hidden;
  top: -70px;
}
```

It don't work (Firefox)

The page doesn't contain "ARI Image Slider" module.
