
ARI Slider does not work on certain pages

Posted by ori - 2014/10/30 21:44

Hello, the ARI slider does not work on certian pages. Can you please help:

Website: racinnexus.co

Example: <http://racinnexus.co/search>

CMS: Joomla 3.3.6

Thanks

Ori

Hello,

Download and upgrade the module.

Regards,

ARI Soft
