
Number of images displayed

Posted by M_Marco - 2015/04/13 11:03

Hi!

I have a problem with the displaying of images: I have 6 images to be viewed, but the slideshow presents 11 images, so after the first 6 it displays the remaining 5 as empty images.

Anyone can help me? :(

Hello,

Send a link to a page where the problem occurs and screenshot(s) of module settings page by email.
