
Edit Articles in Slider from Front End?

Posted by fulcrum - 2010/09/13 08:18

I am new to all this and I may not be using ARI Slider in the way it was intended, I need to be able to edit articles in Slider from front end?

Thanks
Steve

That create slider, open module settings page, configure slider parameters and choose article(s) and image(s) for article(s) in 'Slider item' section. The module doesn't require and doesn't provide ability to edit articles on frontend.

Regards,
ARI Soft
