How to setup an mp4 file.

Posted by viktorleon - 2013/01/07 19:00

_____

Hello,

Just purchased this extension and I need it to play mp4 files. I am new to this extension and tried looking in forum with no luck. Any help will be appreciated.

Thanks.

_____

Hello,

You can read how to show MP4 files here or there. Use the same code as for FLV files.

Regards,
ARI Soft
