
What kind of video files may play locally

Posted by elquefalta - 2013/11/25 18:46

Hello,

I am interested in buy Ari Sexy Lightbox, but I need to play local videos in mp4, and avi format.

Can this component to play these formats.

thanks in advance.

Regards,

=====

Hello,

The extension doesn't support ".AVI" format.

Sorry to highjack the thread but what is the embedd code for mp4 files, I keep getting a page not found error

My code is

Click Here

The link works fine

https://s3.amazonaws.com/bmd/videos/VideosOnWebsite/Panic_Away_Sales-720p_Large.MP4

Thanks :(

Hello,

Could you temporary change file extension from .MP4 to .mp4 file extension. It should help.
