Plugin SlideShow mode

Posted by blaci - 2010/06/28 08:33

Hi!

Can you tell me how to turn on SlideShow mode in ARI Sexy Lightbox Anywhere?

Is it possible?

Here is my code:

{arisexylightbox activeType="imglist" dir="images/stories;images/banners" type="advgallery" itemCount="3"}{/arisexylightbox}

Thank you!

Blaci

Hello,

Use the following code, please:

{arisexylightbox activeType="imglist" dir="images/sexy" type="advgallery" itemCount="3" opt_enableShow="1"}{/arisexylightbox}

Regards,
ARI Soft
