Lightbox Right Border Shifted
Posted by jbartus - 2014/10/24 13:36

_____

Here's the page where I'm currently working with the lightbox, the link text says "Test":

The border seems to be shifting left 14 pixels. Adjusting the width of div #SLB-Contenido by 14 pixels pushes the border back into place.

I'm at a bit of a loss as to the cause for this.

Hello,

This conflict with site template styles. Add the following CSS rule to a site template CSS file to fix the problem:

#SLB-Wrapper,
#SLB-Wrapper * {
   box-sizing: content-box;
}
