lightbox too small for image
Posted by bendieckman - 2015/03/03 11:40
_____

I have purchased the sexylightbox plug-in for Joomla, which works really nice, except for one small thing.
All the pop-ups are just a little bit too small for the images.
Please help solve this issue, on an otherwise great extension.
thanks

Hello,

Could you send a link to a page where the problem occurs?

Regards,
ARI Soft

sure no problem>
https://www.didit-highend.com/index.php/dac212/support
On the left side are tabs>set-up
all of the thumbnails have lightbox, all of them are too small..

This problem with site template styles. Add the following CSS rule to a site template CSS file and clean Joomla! and browser's cache:

#SLB-Wrapper,#SLB-Wrapper div {box-sizing:content-box;}

Regards,
ARI Soft

That did the trick!
Thanks for the prompt and excellent support!
