_____

I use sexylightbox to open an external page.
the size is H=500 W=800
if a mobile is used, the window is too large.
my question: can i set to position of the close button to left bottom or left top or must i include a close-link on the external site?
and if I have to include a close-link, how does it work?

_____

Hello,

Do you use "ARI Sexy Lightbox" or "ARI Sexy Lightbox Lite"?

Regards,
ARI Soft
