
Image link to Youtube - Lightbox shrinking

Posted by renno - 2010/11/26 06:19

Hi,

Linking an image to youtube. Everything works correctly, except when the Lightbox appears, it seems to start at it's correct size before shrinking to a thumbnail sizes box.

Any ideas?

Code in article here

```
{arisexylightbox activeType="rcontent" width="800" height="450" url="http://www.youtube.com/watch?v=IKN4vVm7Ffs"Â link="" title="Video"}Â {/arisexylightbox}
```

Link here

Thanks

=====

Hello,

Check that the latest version of module and plugins are installed and if you use "System - ARI Sexy Thumbnails" and "System - ARI Sexy Lightbox" plugins, set plugins order like in this post. If it doesn't help or you have any difficulties with it, you can provide temporary access to your Joomla! backend by email and we will help.

Regards,
ARI Soft

Perfect. Where was the error?

Thanks

We have set "Ignore remote images" parameter to "No" in "ARI Sexy Thumbnails" plugin settings.
