
Translation

Posted by gambin - 2010/12/09 07:07

Hello,

I would like to know if it is possible to translate information of lighthboxes. :unsure:

For example: Close -> Fermer (in french)

Thanks a lot for your help.

JM

Hello,

We can provide PSD source (PhotoShop file format) of lightbox buttons and you can translate labels or you can provide translation for buttons and we will change labels of buttons for you.

Regards,
ARI Soft

Yes if you can dot it for me it will be great. :)

Here is the french traduction i would like:

PLAY -> LECT. (abbreviation of LECTURE)
CLOSE -> FERMER
NEXT -> SUIV. (abbreviation of SUIVANT)
PREV. -> PREC. (abbreviation of PRECEDENT)
PAUSE -> PAUSE (no change)

Please, tell me if there are others words to translate.

Thanks a lot.
Cheers.
JM :)
