
Sort by CSV file order

Posted by vickiwatson - 2011/09/09 05:48

Is it possible to sort by the order of the images in the csv file? I have Sort by in the parameters set to None. None of the other options work for me - file name, last modified, or random.

I'd just like the photos displayed in the order they are listed in the csv file, first to last.

Hello,

Download and upgrade "ARI Colorbox" module and "System - ARI Colorbox Anywhere" plugin (if you use it). New version of the extension provides new option for "Sort by" parameter called "CSV order".

Regards,
ARI Soft
